Work Experience

Apple Inc-*Technical Specialist* **April 2026 to Current**

- Diagnose and troubleshoot hardware, software, connectivity, and account-related issues across Apple products and services
- Resolve customer concerns in a fast paced environment while maintaining a high standard of service and professionalism
- Collaborate with Technical Experts, Genius Bar team members, and leadership to resolve complex technical and customer issues.

Retail Specialist **September 2024 to April 2025**

• Deliver personalized solutions by actively listening to customer needs and matching them with Apple products, services, and support.
• Drive sales and customer satisfaction by providing product demonstrations, technical knowledge, and guidance on Apple ecosystems.

- Collaborate with team members to meet store goals, streamline customer experiences, and maintain Apple's high standards of service and presentation.

Federal Work Study-*Researcher* **December 2023 to April 2024**

• Conducted research on two-year colleges, gathering and categorizing contact information for department chairs and
superintendents based on degrees offered (e.g., Arts, Medicine, Technology). Provided this data to assist in outreach efforts for NYIT student engagement activities.

- Consistently received commendation during weekly check-ins for efficiency in completing tasks and demonstrating initiative through proactive inquiries.

CK Performance-*Customer Service* **April 2022 to September 2022**

• Managed customer orders by answering phones, processing payments on Heartland, and entering orders in Quick
Books. Handled shipping logistics by printing labels and coordinating with UPS, FedEx, and USPS.
• Gained proficiency in complex software and enhanced communication skills.

- Frequently received customer compliments for efficiently handling orders and providing a stress-free experience.

Pet Supplies Plus-*Cashier* **November 2021 to April 2022**

• Assisted customers in selecting appropriate products for their pets, managed cashier duties, restocked inventory, and
prepared live crickets for pet owners.
• Enjoyed engaging with customers, learning about their pets, and guiding them through the new pet checklist,
including advice on food and toys.
• Regularly received positive feedback from customers, who appreciated the knowledge shared during their visits and reported successful outcomes from the guidance provided.
